

IF THIS IS YOUR BIRTHDAY
Take no part in public demonstrations; also avoid arguments and strife. Your own affairs will need your best attention. The whims of your fancy are fleeting; do not take them seriously or allow them to influence you against reason.
Those born today will have eventful careers. Their generous, happy natures will win them many friends, and their impulsiveness will make some enemies. They should be taught prudence and self-dependence when young. (April 28.)

OFFICERS SEIZE BONUS PAPERS
Chicago, April 28.—Bogus bonds, deeds and stocks, representing more than \$2,000,000 were seized last night in a raid on a rooming house made by Chicago avenue detectives. They were found in apartments occupied by C. M. McNaughton, who, the police assert, is a leader of many aliases and alleged to be the leader of a gang which has swindled brokers and the public out of \$50,000 within two years.

McNaughton will be arraigned in court this morning, charged with operating a confidence game.

ORDER OF PARADE FOR TOMORROW

Opening of League Baseball Season Will Be Marked by an Automobile Turnout—High School Cadets to Lead With Bugle and Drum Corps—Big Attendance is Promised—Ogden Team in Excellent Condition.

Arrangements for a grand celebration in honor of the opening of the Union league baseball season were completed this morning at the Weber club by the members of the various committees working to make the first game of the season a great success. Although there will be no half-holiday, the merchants have generously agreed to permit a number of their employees to attend the game and, later on in the season those who will work tomorrow afternoon will be granted the time necessary to see a game.

A feature of the celebration tomorrow will be a parade to begin at 2 o'clock. The final arrangements were made this morning when enough automobile owners had given their word to the committeemen to assure a long line of autos.

Captain W. E. Kneass of the Ogden High school stated this morning that he would have the entire battalion of cadets entered, including the celebrated drum and bugle corps of the school. The boys will carry their rifles and appear in parade dress.

The procession will form on Grant, near the Weber club. The bugle and drum corps with the cadets will head the parade. Back of the band will be the automobiles containing the mayor and committeemen, with the officers of the Weber club. The police in full uniform and the fire department will come next and then will follow automobiles bearing the players of both teams dressed in their spotless uniforms, for both teams have new suits to dirty for the first time on the Ogden grounds. The remainder of the parade will be made up of citizens in automobiles.

When the order is given to move the parade will proceed north along Grant avenue to 24th street and down 24th street to Wall avenue. From there the parade will move south to 25th street and up 25th street to Washington avenue, then south to 25th street, where the order to counter-march will be given and the entire parade will proceed along Washington avenue to the ball grounds at Glenwood.

Promptly at 3 o'clock Umpire "Rusty" Wright will shout "Play ball," and Mayor A. G. Fell will walk to the pitcher's box and be presented with a bright new ball, fresh from the wrapping of tin foil.

President H. M. Rowe of the Weber club will busy himself for a few minutes buckling on an apron necessary for a catcher and will assume a position at the plate. When President Rowe announces that he is ready the mayor will throw the first ball of the season and Mr. Rowe will catch it—if he can.

Then the big game will begin. "We have been working hard to make the opening day the big day of the season," said Vice President W. D. Brown today, "and we believe that the people of Ogden realize the necessity for making a good showing. The more fans that gather on the grounds tomorrow the more interest the players will take in the game and the better exhibition will be presented."

"The first game of the season is really the important game and we urge that all who can possibly get away at 3 o'clock attend and show that baseball is wanted and appreciated in Ogden."

Secretary Angus Kennedy received a letter from "Dad" Glimin a few days ago in which the veteran manager told of the enthusiastic opening day that was the feature of the three-state league at that city and, although the letter stated that he unroot at the game was greater than expected, Mr. Kennedy stated today that from what he had received a large percentage of Ogden's population will be seated in the grandstand or bleachers at Glenwood park tomorrow. He said that he will be exceedingly gratified if the fans of Ogden patronize the opening game in a manner that will make the accounts of openings in other cities appear tame.

The Ogden publicity bureau has left nothing undone to have the day a success, and Secretary J. D. Larson has the assurance from the supporters of the bureau that they will be loyal supporters of baseball.

Manager Knight and his ball players arrived in Ogden at 8:30 o'clock, after winning a recent night game from the Peacocks Indians.

Manager Knight is pleased with the manner in which his players showed up in the games with the semi-professionals and feels that the trip has done his men a world of good. The team work has improved wonderfully and batting eyes are in excellent shape.

Although he may change his mind before the game, the manager has planned to put Fowler in the box and Perkins behind the bat.

Talbot, the young fellow who was sent here from Colorado, sprang a surprise on Knight a few days ago when he declared that he is not so much a second baseman as a pitcher and, upon being given an opportunity to prove his statement, he did so in such a manner that Knight was favorably impressed. Green showed up well in the Peacocks games and Sinclair proved to have all the earmarks of a reliable pitcher. Remington is still a little wild, but the speed that he is developing is wonderful. Pourroy is suffering from a sore hand as a result of one of the smoky ones he was handed by the big pitcher.

President A. P. Bigelow of the Ogden baseball association has been confined to his home with illness for the last three days, but he is feeling better now and is certain that he will be able to see the opening game of the season.

The Butte team will arrive this evening and rest up from their practice until the game tomorrow.

Here is the batting order and lineup for the game tomorrow:

Butte—Art Merkle, manager; Demaggio, left; Turgeon, first; Levy, short; Whaling, right; Orlet, second; Duddy, third; Marshall, center; Shannon, catcher; Kellogg, pitcher.

Ogden—G. C. Knight, manager; Hayes, second; Moorehead, left; Van

or Laird, first; Foster, short; Jones, third; Wessler, right; Perkins, catch; Murray, center; Fowler, pitcher.

DIGBY BELL COMING

Famous Actor Headlines Last Orpheum Bill With Comedy Playlet

That the Orpheum season will close in a blaze of glory, as predicted by the management of the house, is assured by glancing over the bill. Nobody better known on the stage and perhaps no better actor could have been picked to headline the last bill of the season than famous DIGBY BELL. This well known player will appear in a comedy playlet from the pen of George V. Hobart, and it is said to be one of the best laugh producers ever sent over the Orpheum circuit. Another great act is a sextette of aerial twirlers, who will be seen on the same bill. The seven acts have been selected with care to please all classes at the close of the season, and a record house is looked for during the coming week. (Adv.)

LAWSUIT OVER LANDS IN FLORIDA

Saturday afternoon A. A. Robinson of this city commenced suit in the district court against Harold J. Bryant and others of Chicago to recover \$750, alleged to be due on a breach of contract.

Mr. Robinson alleges that in 1912 he purchased of Bryant & Greenwood a certain lot situated on the "Palm Beach Farm," of Florida, agreeing to pay \$10 a month for the property until the full payment of \$250 should be made. He says he made two payments, when the parties advised him that they could receive no further payments, the excuse being that a mistake had been made in the description of the lot. He was urged to accept another lot, but refused to do so.

The plaintiff avers that the lot he contracted to buy is now worth \$1,000 and that he has at all times been ready to pay the installments and that he has proffered the money to the defendants.

It is stated that the defendants have and now are doing business with a number of Ogden people on the same basis, collecting money from them each month except that it is not said that there are other deals of questionable character.

CLEAN-UP DAY IN ALL THE STATES

Recently Judge H. H. Rolapp, president of the parents' associations of the state, urgently requested that a cleanup day be observed in all the states of Utah and that the home and yards be given a thorough renovating. To this end the Weber stake of Weber county has determined to enter upon the task May 5 by calling the parents and children together and urging them to do the work, the object being primarily to have the younger people of the community do the manual labor.

Joseph Skeen is the supervisor and

he has put forth every possible effort to have the people of the stake observe the day and accomplish the good that is desired. The wards embraced in the Weber stake are expected to take hold of the matter with an earnestness that will bring results. Following are the wards of the stake.

Ogden wards 3 and 10, Lynne, Harrieville, Farr West, Plain City, Warren, Taylor, West Weber, Wilson, Slaterville and Marriott.
